

BODY FOUND IN BAY WITH THROAT CUT

MURDER
OR CASE OF
SUICIDE.

FORTY
HOUSES
BURNED.

Body is Found With His Throat Cut From Ear to Ear.
Fire Destroys Part of the Northern Town of Aberdeen.

Police and Coroner Are Puzzled Over Finding of Body in Bay.

Several Lives Reported Lost and Damage Is Large.

The remains of a man apparently between fifty and sixty years of age, was found floating in the bay off Adams' wharf this morning by three young boys. The remains were badly decomposed and appeared as if they had been in the water for at least three weeks. Around the neck there was a sack tied and in the latter there was a good sized stone, weighing about twenty pounds.

The boys who made the gruesome find were Joe Kellher of 658 Alice street, Joe Perry and Arthur Whitaker of Sixth avenue. They were playing about the wharf when one of them discovered an object that looked like a human body. The authorities were promptly notified and the body conveyed to the morgue and the coroner summoned.

The remains were in a bad state of decomposition and gave evidence of having been at the bottom of the bay for some time as the action of the water and the animal life had almost destroyed every semblance of a human being. The hair was entirely gone and the features so eaten away as to make them beyond recognition.

The body was dressed in a plain suit of some dark material, a cheap cotton shirt and box pointed shoes, which appeared to be nearly new. He had no necklace and from his general appearance it would seem that he was in straightened circumstances.

On his neck there was a gash, extending almost from ear to ear, which was made either by the stout cord, which was tied around his neck and held the bag and stone, or by a knife. The gash had been done. The cut on his neck and the sack with the heavy stone in it tied around the neck, were the only visible evidences of foul play. At the same time the cut could easily have been caused by the cord.

The sack which held the stone and was suspended from his neck, bore the following brand: "Choice Sandy ch Island Rice, No. 1, 100 lbs." A search through his pockets brought out nothing by which the dead man could be identified, except a small memorandum book containing a number of addresses—principally of lodging houses. The book is one that is issued by Theodore Gier. His other effects consist principally of a plug of chewing tobacco, pipe, knife, matches and safety pins.

In the memorandum book there was an advertising card of the Newland House and on one of the pages of the book was the following memorandum: "Newland House, 7th and Washington street, Aug. 17 '03." Among the addresses that were given were: Colonial Arms, Theodore Gier, T. A. Brunner, Adams, 688 Twenty-fourth street; Old Kentucky, Tobin's drug store, Seventh and Market; Ramona house, Thirteenth and Harrison; G. A. Myles, First and Franklin, St. Louis Saloon, box 4579.

Coroner Mehrmann expressed the opinion that it was a case of suicide, and in this theory he is borne out by the police authorities. There is nothing to support the murder theory except the gash in the neck.

Investigation at the Newland House revealed the fact that there was a man stopping there about August 17, who answered the description of the dead man. The proprietor stated that he went by the name of William and appeared to be somewhat demented. He only stopped there a few days and slept in the attic.

BODY IDENTIFIED.

George C. Coleman from the California Hotel and J. S. Smith from the Ramona House called at the Morgue this afternoon and said they thought the body was that of William Smiley who was at one time in the County Infirmary and who recently stopped at both of the lodging houses mentioned. The Landlady of the Ramona House said that William Smiley had a gunny sack with him when he left there. She remembers it because he crammed the sack in his pocket when he started away, which she thought was a strange proceeding. Opinion among the morgue officials seems to be tending to the theory of suicide.

FIVE YEARS IN PRISON.

SAN JOSE, October 16.—Joseph Greig, convicted of grand larceny in stealing a watch from Charles Rider of Gilroy, was today sentenced to five years in San Quentin. He is wanted for a burglary in Santa Cruz and has served one term in prison.

NOT A CANDIDATE

GEORGE F. HATTON IS NOT ASPIRING TO ANY PUB. LIC OFFICE.

The Evening Post announces that the indications are that either Arthur G. Miller or George F. Hatton will be appointed Postmaster of San Francisco as soon as the contemplated resignation of W. W. Montague goes into effect.

Fisk's name has been frequently mentioned in late in this connection. He is speaker of the House, was a staunch Perkins man throughout the recent Senate fight, and is one of the most prominent figures politically across the bay.

Ever since the election of Senator Perkins Hatton's name has been repeatedly coupled with important Federal positions and it is understood that the Senator would gladly recognize him in that regard. Hatton, however, is not seeking any office. In response to a query today by THE TRIBUNE, he said:

"I am not a candidate for the position of Postmaster of San Francisco, nor have I ever been. I will further add that I am not, nor have I been, an aspirant for any public position whatever and have no intention of seeking any political prefer-

ence."

HIGHWAYMAN ROBS WOMEN.

LOS ANGELES, October 16.—A highwayman was abroad last night and two attempts to hold up and rob women were reported to the police at a late hour. Miss D. Walters was stopped on West First street by a man who attempted to seize her watch. She fought vigorously and escaped by running. A few hours later Mrs. J. J. Sullivan was held up on Matthews street by a young man who seized her pocketbook containing \$8 and escaped.

WAS SHOT FROM AMBUSH.

WAITED FOR HIS MAN AND KILLED HIM ON THE ROAD.

LOS ANGELES, Cal., October 16.—According to a special from Barnwell, Cal., a mining camp on the desert near the Nevada line, George Simmons, whose death was reported in a telegram received here last night, was shot from ambush by William L. Miller. Simmons was manager and part owner of the Toltec Gem Mining Company's turquoise mines at Crescent Camp, Nev. Yesterday morning, in company with C. C. Smithson, he left town in a buckboard. It is stated that Miller lay in wait for them a few hundred yards from the camp and, as they approached, shot Simmons with a rifle, killing him instantly. He fired several shots at Smithson, but the latter escaped by whipping up the horses. Miller then returned to camp and waited at a butcher shop for an officer to arrest him. He surrendered to Justice of the Peace Blake and gave up his rifle and revolver to Constable Bower. He was locked up in the butcher shop to await the arrival of the Sheriff from San Bernardino county.

It is said there was some talk by citizens last night of lynching Miller, but it is believed no such attempt will be made.

Simmons is said to have been a wealthy man and leaves a young widow. Miller is well known in San Bernardino and his friends believe he had strong provocation for shooting Simmons. He had been engaged in mining enterprises in San Bernardino county for a number of years.

OPEN SHOP."

CHICAGO, October 16.—Views by labor and capital in relation to the "open shop" were again presented today before the National Civic Federation, holding a three days' conference here.

President Samuel Gompers, of the American Federation of Labor, called the meeting to order. One of the first speakers was Henry C. Hunter, chairman of the Metal Workers Association of New York. He spoke in opposition to the closed shop, on account as he said, of the present condition of organized labor and the methods pursued by labor organizations for the accomplishment of their ends.

Union, he said, assumed to control shop methods and regulate wages to the financial losses of employers and disorganization of industry and with regard to the economic conditions.

DAN PATCH BEATS THE RECORD

World's Wagon Time for a Mile is Down to 1.59 1-4.

TEL MAIN 1100

J. BROSSEAU DEAD.

LOS ANGELES, Cal., October 16.—Julius Brosseau, a prominent Democratic politician and for many years leader of the bar in Southern California, died shortly before midnight last night at his home on Figueroa street, this city. The direct cause of death was Bright's disease. Mr. Brosseau was born in Malone, N. Y., in 1834, and came to Los Angeles in 1877. He has been prominent in the practice of law in this city, giving particular attention to water litigation. A widow and four children survive him.

(Continued on Page 3.)

FAIR GROUNDS, LEXINGTON, KY.

October 16.—Dan Patch overcame the world's wagon record in a trial against time, going the mile in 1:59 1-4.

The bay horse accompanied by two runners, went the mile without a break, driven by M. E. McHenry.

The time is within one-quarter second of Dan Patch's record to sulky.

The former wagon record, 2:01 1/4, was held by Little Boy and was made at Memphis.

The Blue Grass stake, \$1000 for 2:19 class trotters, was won by Jay McGregor in three straight heats. Kinney Lou second, Lady Patchen third, Judge Green fourth. Best time, 1:59 1/4. This is a new record for the event.

KILLED ACCUSER.

OSKALOOSA, Ia., October 16.—At Buxton today, C. H. Smith, who had been before the grand jury charged with assaulting Mrs. Carnaday, with intent to commit murder, went to her home and when she opened the door in response to his knocks, fired two shots, killing her instantly.

HANGED TO A TREE.

WYCKLIFFE, Ky., October 16.—Tom, alias Douglas, a negro, charged with shooting Crockett Childress, a

DOWIE IS IN NEW YORK.

WOMEN DENY THE CHARGES.

He Does not Care for Miss Ethel Lloyd Declares the Ridicule of the Newspapers. Her Father Treated Her Well.

Says He Has a Mission to Evidence Is All in and Perform in the Metropolis.

NEW YORK, October 16.—Under the direction of an advance agent, 420 members of John Alexander Dowie's hosts arrived from Chicago on the Baltimore and Ohio railroad to travel to participate in a crusade for the regeneration of New York. They all appeared cheerful and happy and said they have had an enjoyable trip. They landed at the Battery and at once boarded cars for Madison Square Garden.

As soon as the first car started, the crowd on board began singing a hymn, and a large crowd of curious spectators gathered around those waiting outside the ferry house. Men in the Dowie party distributed tracts. The men were all dressed in a uniform resembling that worn by the United States infantry, but the women did not wear uniforms.

The crowd around the ferry house grew so large that it blocked the street, and police drove the spectators back to the curb. One of the features of the party was the junior choir, consisting of about fifty little boys. There was also a drum and fife corps of thirty men, dressed in khaki uniforms. Thirty per cent of the party were women and children of all nationalities.

Dowie, himself, arrived in his special train at the Grand Central station, disappointing the crowds who were awaiting him at the West Shore railroad ferry, his train having come from Albany over the Hudson River directly.

Attorney Goodfellow, at the opening of the case today, gave the substance of the story told him by Ethel Lloyd, the youngest daughter of the deceased, as to the alleged attempt on her part to end her life. The attorney stated that Ethel had told him that she had done something which she knew was displeasing to her father and that it annoyed her a great deal. The offense was not a serious one. The little girl had a revolver and dared her stepmother, the widow of the deceased, to tell her to shoot herself. Mr. Goodfellow said that the girl was sorry for what she had done, that she had a childish freak or whim.

UNION MEN IN HARMONY.

MEETINGS ARE HELD BY MANY OF THE LOCAL UNIONS.

At the meeting of the Federated Trades Council last night Secretary Petry was instructed to send a communication to the American Federation of Labor to ask that members of all labor organizations not chartered in Alameda county be instructed to form local unions in Alameda county and withdraw from outside central bodies.

There are several unions on this side of the bay that are affiliated with councils in San Francisco or elsewhere. These the Oakland Council desire to be brought under their supervision.

The Textile Workers Union of East Oakland has chosen J. Daniel as a delegate to the labor council. H. Votain, of the Wagon Workers' Union, J. H. Morris and H. E. Matthews of the Laundry Workers' Union were also selected as delegates to the Council.

Every labor union affiliated with the Federated Trades Council is entitled to one delegate for its charter, one for every hundred members, or fraction thereof, and one for each additional hundred members.

The resolutions presented by the Carpenters' union that a mechanical school be established in Oakland were endorsed.

There was an informal discussion on the charter that has been asked from the American Federation of Labor for a Central body of all the labor unions in Alameda county.

San Francisco's request was refused by the national organization on the grounds that the labor unions in that city were not united and all of them did not desire the charter.

In Oakland all the organizations are united in this desire for a charter for a Central Labor Council. The labor leaders this side of the

HAYWARDS, Oct. 16.—Miss Mamie Rose is one of Haywards' prettiest girls. She helped to make the Catholic fair here a success.

zation is in first class condition. There was no business to be brought before the members, so after the regular routine had been gone through an early adjournment was taken.

LABOR DAY COMMITTEE.

Another, and it is believed the final meeting of the Labor Day Committee will be held Monday evening in Cooks and Waiters' headquarters, Eighth and Broadway. It is not known yet how much money was made from the picnic at Shell Mound Park as all the returns are not yet in.

PLASTERERS.

Three candidates were to be admitted to the Plasterers' Union last night but as their applications were not quite ready, the matter was deferred until the next meeting. One permit to work was granted.

WATER FRONT DISTRICT COUNCIL.

Tonight the conference committee composed of delegates of the Stevedores, Longshoremen, Federated Trades' Council, Tallymen and Building Trades' Council, will meet in Kohler and Chase Hall, Broadway and Eleventh street and endeavor to establish a District Council along the water front.

A committee from the conference attended the meeting of the Longshoremen last night to persuade that union to join in the movement. The Longshoremen are the only ones that held out, claiming that the arrangement gave the Tallymen the best of the "deal."

TEAMSTERS.

The executive board of Local No. 544, Furniture and Piano Handlers and Helpers of San Francisco will meet the executive board of Teamsters' Local No. 70 tonight at Brotherhood Hall, 566 Webster street, to adjust differences between the two locals and members.

TONIGHT'S MEETINGS.

The Ice and Soda Wagon Drivers and Garment Makers' Unions will meet tonight in Cooks and Waiters' headquarters, Eighth and Broadway; the Express and Draymen, Millmen, Local No. 660, and Shinglers in Kohler and Chase Hall, Eleventh and Broadway; the executive board of the Newsboys' Union at the rooms of President Oberlies on Ninth street between Washington and Broadway.

BAKERY DRIVERS.

Two new members were initiated into the Bakery Wagon Drivers' Union last night. A collection was taken up for Secretary-treasurer W. D. Grantham, who has been seriously ill at Fabiola Hospital as the result of a runaway accident in Alameda. His entire body was paralyzed below the shoulders.

UNIONIZE HOTELS.

The hotel workers, represented by the Cooks and Waiters' Union, in uniriting the local hotels and boarding houses will meet tomorrow afternoon at 16th street and Broadway, to arrange a schedule for the hotels.

PAINTERS.

William Scully was chosen by the painters last night to be their nominee for third vice-president of the National Federation of the Painters and Glassblowers' Union. The nominations sent in by the various local unions throughout the country are sent to the national headquarters in the East. The election will be held 90 days from the time the nominations are in. If elected, Mr. Scully will be the second vice-president of the national organization.

MACHINISTS' APPRENTICES.

The Machinists' Apprentices last night in California Hall, 1015 Clay street, met to make arrangements for the ball they are to give in May. Hall on Mountain Avenue, November 6. Elaborate preparations are being made for this affair, which is the first social function ever attempted by the young men. The machinists' apprentices are an auxiliary of the Oakland Machinists' Union, organized a few months ago at the request of the national union.

SAY SHE IS INSANE.

After weeks of work in circulating a petition to Governor Pardee to release her husband from the Stockton Insane Asylum, Mrs. Martha Oatman has herself been taken into custody on a complaint charging her with a similar affliction. She is now confined in the insane ward of the Receiving Hospital here and her examination will be held in a day or two.

The complaint is said to be by Mabel Felibus of Folsom, a sister, while still another sister corroborates the statements made against Mrs. Oatman's sanity. A 4-month-old baby, the unfortunate couple left alone and neglected, and expressions of gravest despair as to the soundness of mind of the little one are also made by those who accuse the mother.

The attorney who judged insane about a year ago and even then his wife has been endeavoring to secure his release from the asylum. As a last resort she began the circulation of a petition, which has been generally signed. She claimed that her husband had been claimed

Why do three million people pay more for H-O Oatmeal?

It is because it is the only steam-cooked oatmeal on the market. The steam cooking sterilizes the grain and changes the starch into dextrine, so that it is ready to slip into the body tissues with almost no tax on the stomach.

H-O Oatmeal makes strong bodies and quick minds.

For brain and brawn

THE LATEST NEWS.

HUSBAND TO ANSWER FOR MURDER

CORPORAL SLOOP IS MISSING A LONG TIME DISTRESS.

Wife Was Burned to Death and He Must Make Defense.

SAN FRANCISCO, October 16.—Owing to the inability of the Coroner's Jury to determine the responsibility for the death of Mrs. Catherine Bushnell, who came to her end at the French Hospital on October 8 from the effects of burns received in the Seven-Eleven fire, it was not until September 10 upon September 12, Harry Bushnell, the woman's husband, was this morning formally charged with murder.

Detective Charles Cody will swear to the complaint upon which Bushnell will be tried for murder.

The Coroner's jury was unable to determine whether or not Bushnell had thrown a lighted lamp at his wife.

* * *

EAGLES TALK OF BUILDING QUARTERS

Owing to their present quarters being too small for their needs, the Oakland Eagles of Eagles is seriously considering the erection of a new and substantial home. A committee, consisting of Messrs. J. C. Ewing, J. F. Hearey, C. W. Kohl, C. J. Heeseman and H. W. Lloyd, has been appointed to look into the matter, and they have had several meetings to discuss sites and plans, but as yet have not decided upon anything definitely.

The local order has become so large, numbering 350 members, that they are some what cramped in their present quarters on Elizabeth street, between Washington and Clay streets.

The Eagles will give a ladies' night on November 4 at Maple Hall, and a committee is hard at work perfecting the arrangements. There will be a short program, which will be followed by dancing.

DIMMICK WILL NOT GO FREE.

HE IS REMANDED TO THE CUSTODY OF THE WARDEN.

SAN FRANCISCO, October 16.—Walter N. Dimmick, the defaulter cashier of the Mint, now serving sentence in San Quentin, will not be released on a writ of habeas corpus, according to a decision handed down in the Circuit Court of Appeals today.

A petition was filed yesterday by J. S. McLean, who claimed to be the nearest friend of Dimmick, which asked that he be released on the ground that he had served the sentence which was imposed.

The petitioners claimed that from the time McLean was admitted into the courtroom he had other interests, and that he was not removed to San Quentin until April of the present year. Dimmick was serving the judgment in the first and fourth counts.

The court denied the writ.

* * *

SYNAGOGUE TO BUILD NEW HOME.

The synagogue Beth Jacob held an election of officers at the last meeting which resulted in the selection of the following named: President, A. Bercoovich; vice president, A. B. Hirshander; secretary, D. Bercoovich; treasurer, M. Isaacs; trustees, D. Marcusch, H. Davis, L. Wolff, B. Markowitz, D. Friedman; collector, M. Lichtenstein.

The president gave an elaborate report of the proceedings of the past fiscal year. The secretary and treasurer's reports upon the finances showed that the institution is in a most satisfactory condition, and that there is no surplus or deficit.

It was enthusiastically proposed that a new synagogue be erected at a cost of \$10,000. A building committee was appointed, and the plan is to bring it up before the next meeting. The new building will be erected on the site occupied by the old one on Harrison street.

It was unanimously proposed and adopted to engage a rabbi and teacher, and to place all money in the treasury for that purpose.

After the meeting was adjourned those present sat down in an elaborate banquet, which had been prepared for the occasion.

* * *

KENTUCKY STAKES.

FAIR GROUNDS, LEXINGTON, KY., OCTOBER 16.—The Kentucky stakes, \$2000 for 3-year-old trotters, was won by Sadie Mac in two straight heats; Katherine E. second; Lizzie M. third. The winner was barred in the betting and won easily. Best time, 2:1-1/2.

HORSE THIEVES KILLED.

GREAT FALLS, October 16.—A gang of horse thieves who tried to run horses off the Fort Peck reservation last night were ambushed and two of them killed. The Indians engaged in a running fight with the outlaws, driving them off the reservation. The dead men have not been identified.

How comfortable it is—Schilling's Best—to know what you have in your spoon! and the buying is equally comfortable, at your grocer's.

* * *

RAILROAD MAN GIVEN DECREES.

George J. Stutt, a railroad man, was granted an interlocutory decree of divorce by Judge Greene this afternoon from Lulu Stutt, on the grounds of habitual intemperance. Stutt charged his wife with indulging in an excess in the use of intoxicants, to such an extent as to become cruel on her part.

CIVIC FEDERATION.

CHICAGO, October 16.—Marcus M. Marks, president of the National Clothing Manufacturers Association, speaking of the "open shop," said there are 70 per cent of the workmen in this country organized and 80 per cent unorganized.

FOUND GUILTY OF MURDER.

CONVICTS WHO KILLED GUARD TRYING TO ESCAPE ARE SENTENCED.

LEAVENWORTH, Kas., October 16.—All five leaders of the Fort Leavenworth prison mutiny of November, 1901, charged with killing Guard Waldrup, were found guilty of murder by a jury of the United States Court here this morning, and will be given life sentences.

The prisoners are Gibb, Mullins, Tabor Barnes, Frank Thompson, Fred Robinson and Robert Clark, all desperate men and all from the Indian Territory. Mullins and Robinson had practically finished their terms at the time of the outbreak and the others were short term men.

The defense set up the plea that the prisoners in the federal prison are badly treated and that the men who took part in the mutiny referred to make an attempt to escape and face death rather than remain and endure torture.

Attorneys for the United States introduced several witnesses to disprove the charges of improper treatment at the hands of the prison officials.

In the mutiny 23 prisoners escaped after a fierce fight with the guards during which one guard, Waldrup, was killed and several of the convicts hurt. All but one of the convicts were finally captured although three of them were shot in engagements with posse.

In his instructions to the jury, Judge Raney said that the fact that the men were felons undergoing punishment for crime should count nothing for or against them in determining the weight of the evidence.

Attorneys for the defendants filed a motion for a new trial. This was overruled by Judge Raney, who then formally sentenced the prisoners. Each of the prisoners requested that they be sent to some other prison than Fort Leavenworth, giving as a reason that the men were felons undergoing punishment for crime should count nothing for or against them in determining the weight of the evidence.

This reply was unsatisfactory, that the men had been buried in the stocks in case of the Barracouta's boats to make more extended inquiries and to get if possible some explanation of the ship's strange procedure in flying distress signals when all was well on board.

When the captain of the Barracouta stopped the ship and asked what was the matter, the answering hail came back:

"Nothing."

This reply was unsatisfactory, that the men had been buried in the stocks in case of the Barracouta's boats to make more extended inquiries and to get if possible some explanation of the ship's strange procedure in flying distress signals when all was well on board.

At the last session of the Legislature an act was passed providing for the use of ballot machines in voting in case a commission appointed for that purpose should certify, after examination, that any of the mechanical devices presented fulfilled the requirements of the law. The expert apprised by the commission has reported that only the Columbia patents answer the legal requirements as to voting in this State. Although the commission has not yet rendered its decision, it is assumed that the report of the experts will be favorable.

For several days one of the Standard machines has been on exhibition at the corner of Broadway and Twelfth streets, and its workings demonstrated to all comers. The machine is simple and inside a machine and permits the voter to cast a straight or mixed ticket as he chooses. He can vote for more candidates than there are to be elected in any particular election, and if he votes for candidates not nominated by any party, as the total votes cast, and those received by each candidate, are cast up and recorded as the balloting proceeds, there need be no room for calculation or for tallying with the results. Nobody can tell what ticket a man votes.

SPEAK IN PRAISE OF UNION LABOR

BELIEVES ROOSEVELT, CLEVELAND OR BRYAN COULD ORGANIZE RUSSIA.

CHICAGO, Oct. 16.—The Czar says that Russia is not ready for a republic, that its people cannot be organized. But Roosevelt or Cleveland, or Bryan at the head of the labor leaders from whom we could select and in one case they would organize the people of Russia and make them ready for self-government."

This tribute to the ability of some of the leaders of organized labor in the United States was paid last night by Louis Jackson, president of the Central division manager of the Erie Railroad, in an address at a dinner of the Chicago Real Estate Board at the Chicago Athletic Club. Other speakers during the evening joined in his praise of union labor and union leaders.

Mr. Jackson's declaration of the power of labor leaders was prefaced by the following assertion:

"A few men at the head of the labor movement have organized a union of 1,-

000,000 men, and in time of national trouble they could organize as great an army for the national defense. As these men credit and reward is due."

The factory bell of the big city should ring before 8 a.m. Real estate men, the Suburbans should meet at their ends, then the laborer may have his little time in the suburbs, will have time for his bath and his breakfast and can get to his work in time. Then when he is asked for a day off, a day again he will consider his home and will be restrained from hasty action by the same influences that restrain the men who control millions of invested capital."

PHILIPPINE EXHIBIT ARRIVED.

ST. LOUIS, October 16.—All of the 2,000 tons of the Philippine exhibit shipment which arrived on the transport Clipperton at Seattle is now on the "World's Fair" grounds. There are fifty carloads in all. The largest piece in the shipment is a dugout or native boat.

The committee on ceremonies today signed October 4th to the State of New York and notified the New York commission by telegraph.

MAGIC AND MYSTERY.

The Young Men's Christian Association has arranged with Dr. J. K. Johnson, who was at one time a spiritual medium to give an expose of the mysteries of the cabinet, slate writing and rope tests together with a lot of magic and mystery that will make an interesting evening's entertainment.

This entertainment will be given in Association Hall this evening and will be for the benefit of the Association.

WILL BEAUTIFY THE CITY.

LARGE NUMBER OF WOMEN TAKE UP MATTER IN ERNEST.

One hundred and fifty women met yesterday afternoon in Chabot Observatory in response to the nine-hundred invitations Mayor Olney sent to the women of Oakland, asking them to be present at a meeting today and to lend their aid and cooperation in the work of beautifying their city. What was lacking in numbers of the personal replies was more than made up by the interest shown by the ladies who were present and who with brisk interest took up the matter in hand.

Mr. Olney opened the meeting with a short address, in which he said in substance:

"The influence of women is the greatest power for the advancement of many good causes, and I am glad to see the women all over the land, coming to the front in the municipal affairs. The work of beautifying and improving the conditions of the cities and towns throughout the land would be to peculiarly the work of the women."

It was one of my first efforts when I was elected to the office of your city executive. This work for which I ask your aid and endeavor, the men never seemed to respond to my solicitations for pushing forward this movement. But seldom have women been called upon in vain for aid in good cause; therefore, I now ask you—Oakland's women—your cooperation in your influence, your thought and your effort to make Oakland a city worthy of its possibilities."

"Merely as a suggestion, I would say nothing adds so much to a city's beauty as trees. The Eastern cities have done this work in hand, and especially is the effect of the women's endeavors noteworthy, and their influence felt in all matters of improvement. As a result, many cities of the East, and avenue lined by stately trees, I do not know of, Oakland to be in the rear in such a movement. Particularly advantageous would it be to plant trees along the streets, which run north and south. Even the most decided objection to the shade on the ground, which made for health, would be obviated by deciduous trees judiciously planted along such thoroughfares as San Pablo Avenue, Broadway and Twelfth street in East Oakland. I am confident such means would raise the reputation of Oakland at least ten degrees."

"Another suggestion I make, which should appeal to every mother—that of providing a playground for the city's children with the next bond issue, shall we not borrow money for a playground for the children, that they may be kept off the streets?"

Further, might not that ground belonging to the city out on Sixteenth street be made a place of beauty instead of remaining hideous and uninviting, as it now is?

"These are only a few ideas I present—more suggestions for a work I feel will be splendidly carried out should the women of Oakland take it upon themselves to do so, for which I pledge the support of the city government, as well as that of all the good citizens."

At the close of his talk, the Mayor offered for vote the name of Mrs. Borland as temporary chairman of the organization, which later became the unanimous wish that she should become the permanent chairman and that the office of permanent secretary should be held by Mrs. E. A. Kleugel.

After a reading of the minutes of the first informal preliminary meeting of the Davis sewing machine club, Mrs. Borland expressed her thanks to the ladies for the honor of the position they have conferred upon her, and regarding the task before the new club, said:

"Since you have chosen me to be chairman of this organization, then you must sincerely and I will endeavor to execute the duties devolving upon the occupant of the office, to the very best of my ability. However, were I to work in the ranks, my efforts would be as freely and honestly given as any man must be, irrespective of class. Every one is wanted. This club must be entirely democratic in spirit. There may be some employed in the lowly walks of life, who may not be of the social and financial class, but our gratitude and appreciation of their work is the same as that of all the good citizens."

There may be some employed in the lowly walks of life, who may not be of the social and financial class, but our gratitude and appreciation of their work is the same as that of all the good citizens."

At the close of his talk, the Mayor offered for vote the name of Mrs. Borland as temporary chairman of the organization, which later became the unanimous wish that she should become the permanent chairman and that the office of permanent secretary should be held by Mrs. E. A. Kleugel.

After a reading of the minutes of the first informal preliminary meeting of the Davis sewing machine club, Mrs. Borland expressed her thanks to the ladies for the honor of the position they have conferred upon her, and regarding the task before the new club, said:

"Since you have chosen me to be chairman of this organization, then you must sincerely and I will endeavor to execute the duties devolving upon the occupant of the office, to the very best of my ability. However, were I to work in the ranks, my efforts would be as freely and honestly given as any man must be, irrespective of class. Every one is wanted. This club must be entirely democratic in spirit. There may be some employed in the lowly walks of life, who may not be of the social and financial class, but our gratitude and appreciation of their work is the same as that of all the good citizens."

DECENCY THE BEST POLICY.

The personal attacks made on Henry J. Crocker by Lane's supporters are proving boomerangs as might have been expected. The charges are promptly refuted and their animus and origin exposed. But refutation is scarcely necessary, for they show on their face a character unworthy of credence while their purpose is not even concealed.

Bringing false charges against a well-known citizen of high standing merely to serve political ends is as poor politics as it is despicable tact. Intelligent men have grown disgusted with that sort of thing. It is offensive to men of fair minds and decent sentiments and resort to such methods indicates poverty of legitimate resource. Mr. Crocker cannot be hurt by false accusations and personal disengagement, but the political tone of the community suffers from the effects of a mud-slinging campaign.

It is but fair to say, however, that Mr. Lane has received some personal attacks that should not have been made. Although in a measure provoked by assaults on Mr. Crocker, they are not calculated to do anybody any good. When mud-slinging is met by mud-slinging, the combatants on both sides get down to a common level. It becomes six of one and half a dozen of the other and the public is left without an opportunity to draw out a comparison between dignity and decency and a campaign of vituperation and vilification.

Crocker and Lane are both men of excellent character. The difference between them is that Crocker is a representative business man while Lane is a professional politician. One has become a candidate against his inclinations at the call of civic duty; the other seeks office as a means of livelihood and makes politics his business. Mr. Crocker is a business man in politics temporarily to serve the municipality in which he has a large financial interest. Mr. Lane makes politics his trade and is seeking to advance his own interests. He is an honest man in the narrow sense of the term, but his public actions are swayed by personal ambitions and his attitude on public policies governed by motives of political expediency. His private life is clean, his personality engaging and his abilities fair.

In all these respects Mr. Crocker is his peer, and in other essentials greatly his superior. Unlike Lane, he regards office from a business man's standpoint. His idea is that the Mayor should serve the public interest above all other considerations. Mr. Lane wants to be Mayor to gratify his own aspirations and to reward his political following. The distinction is so broad that the dullest can discern it, and it is a distinction that the voters of San Francisco will sharply draw on election day.

Meanwhile it is to be hoped that mud-slinging and personal detraction on both sides will cease. Lane's friends will only make their candidate's case worse by personally assailing Henry J. Crocker. It will only emphasize Lane's discomfiture at the polls.

Senator Perkins' pithy comment on the tariff fight in England is illuminating in the light of our experience of a few years ago. The cheapness of food does not greatly matter to a man who is without work and wages. We had the cheap loaf and the cheap coat from 1893 to 1897, but there was no money to buy them. The factories were idle and the firms could not make ends meet with the prices they received for their products. Soup houses flourished and idleness prevailed. There was plenty in the land, but extreme poverty prevailed. There was no work and no wages. With work and wages came the era of good prices, for the farmers as well as the manufacturers, and general prosperity was the result. If the British workmen were wise they would concern themselves more about getting a job at good wages than about the price of bread. The man without money cannot buy at any price.

It rained 10 $\frac{1}{2}$ inches in 32 hours in New York City, and still the "undegested securities" in Wall street refused to float.

One thousand employees in the steel mills at Joliet, Illinois, have been discharged. Is this a part of the scheme to make the labor situation more easily handled?

Chicago is still keeping up its kick for speed. The city celebrated its centennial the other day, and now the newspapers are discussing the features of the bi-centenary celebration. By that time they expect St. Louis to be a suburb and the Mississippi an outfall sewer.

Colonel Waterson should have addressed his pathetic appeal to Charles A. Dana through a trance medium. It has not been established that spirit has read the newspapers. Besides, Mr. Dana would probably be ashamed to be seen reading the New York Sun nowadays.

praise began and ended at the right place. The President ran over the more distinguished commanders of the Union forces, and to each of them gave some word of praise that aptly corresponded with his character and military achievements. It is hard to see which way the McClellan admirers will now turn for a grievance.

Democratic victories have been very rare of late years or there would not be so much rejoicing over the election of a Democratic Mayor of Indianapolis.

The boss of Tammany Hall says the election in New York is over, but the bookmakers have not begun paying off bets.

Chips From Other Blocks

There is a strong agitation going on in sectarian religious journals in favor of higher ministerial salaries. The advocates of this reform represent the brethren as being, on the average, overworked and underpaid. Why don't the preachers unionize?—The Monitor, for.

What a dreadful thing it would be if the country went on doing business and not paying any attention while Wall street just keeps on bursting itself!—Philadelphia Press.

A Virginia delegate reports that his election cost him six cents. In New York that man could earn good money in a dime museum.—New York World.

Cornel Watterson still has the Panama canal up against the ropes, but his rushes are not so fierce as they were earlier in the round.—Detroit Free Press.

There is no hope for the democrats in 1904—unless they can "exchange crews."—New York Mail and Express.

Nothing makes a woman feel so ashamed as to think how ashamed she was when she was first married.—New York Press.

It looks as if Boss Murphy, of Manhattan, was a bigger boor than Boss McLaughlin, of Brooklyn.—Boston Herald.

Former Secretary Chamberlain is drawing crowds that make King Edward's coronation look like the last day at a county fair.—St. Louis Globe-Democrat.

A Chicago woman wants to get her husband arrested because he refused to kiss her. It ought to be known how many times he had kissed her already before fixing his sentence.—Chicago News.

A school of journalism has been started in Columbia University, and a school of "fiction writing" in the Northwestern University—Albuquerque Journal.

A TONSORIAL TIP.

The customer sat in the barber's chair, And asked the barber to trim his hair. To curl his mustache and shave his chin. To make him, in fact, as neat as a pin!

Then the barber clipped and the barber shaved. The barber trimmed, while the customer raved, For the barber he talked, and talked and talked,

And in spite of remonstrance would not be balked; Then the customer said: "You have

new rules For the use of your tonsorial tools;

But a few suggestions I'd like to make, Which if you keep, you won't make a mistake!

Don't look out of doors when shaving; it's rude,

But assume an attentive attitude; Don't give the impression, if you left the earth,

Or barbers there'd be a perceptible dearth!

Don't, if you can help it, expectorate. (habit in barbers very innate!) Don't try to settle affairs of state,

From the subway ditch to the last tax rate!

And, please keep a silent tongue in your head,

And take as your motto just this: "Nough said!"

The barber was dumb, but he held out his hand—

"A tip? That's my tip! Now you understand!"

—New York Sun.

AN ILL-FOUNDED GRIEVANCE.

The admirers of General George B.

McClellan have formulated a singular

grievance against President Roosevelt.

They profess to be indignant because

the President made no personal men-

tion of McClellan in his address at

the dedication of the New Jersey

monument on the battlefield of Ante-

lenn. As Mr. Roosevelt extolled the

valor of the officers and soldiers of the

national army collectively, it does not

appear that his failure to particularize

McClellan was either invidious or dispre-

hensive.

At the boss of Tammany Hall says

the election in New York is over, but

the bookmakers have not begun pay-

ing off bets.

K.C. Cahwell Co.
THE LACE HOUSE
1278 AND WASHINGTON STS.

BEGIN TO THINK NOW OF HOLIDAY SHOPPING

This opening remark may seem a little premature, but it is prompted by the experience of past years. This year we have more reason than ever to impress it on your mind. We have striven to make the Lace House popular; we have succeeded. But we now need to burst the walls around us to give the room and convenience we would like to give. But we can't do it till the first of the year, the law forbidding trespassing even in such a good cause.

So—we would ask you to begin the doing of your holiday buying as early as possible, and as December approaches to come in the mornings if convenient

Special Sale of Black Petticoats Samples

A merchant's samples are the best he can make. After they have fulfilled their purpose which consists entirely of being looked at, they are sold at less than cost. That's the prelude to all our sample sales.

The samples of Black Petticoats in this sale are of many styles.

There are black moiree; moiree with silk ruffles; alpaca with silk ruffles; mercerized Italian cloth, with or without silk ruffle; also several styles in mercerized sateen and velour.

Prices **75c, \$1.25 up to \$4.50.**

At regular sale the prices would be about one-third higher.

The Popularity Ribbons Now Enjoy

is due to two causes—the exquisite beauty of the multitude of new designs and the ease and effectiveness with which they can be used in all kinds of adornment—personal and otherwise.

Just a few:

Fancy white, washable taffeta ribbon; striped and corded, several patterns, 3 inches wide.....**15c yard**

Shaded Corded Ribbons for pillow ruffing; narrow and wide stripes; all color combinations; 4 inches wide.....**25c yard**

New, all-silk facile Ribbon; all light shades 5 inches wide.....**35c yard**

Cape Ruffs, with long accordeon-plaited and pine-apple ends; some with long stole ends trimmed with juby ruching.

Prices**\$3.95, \$4.75 to \$12.00**

Misses' Tailored Skirts and Suits

We say a good deal about all that's stylish and correct for grown ladies, but we have just as much that is good for the misses.

\$3.95—Five-gored flare skirt in cheviot or homespun. Corded seams with tabs and buttons; flare effect heightened by four horizontal corded tucks rising toward the back.

The line of Misses' Skirts is particularly desirable:

At \$3.50—Misses' Skirt of dark mixture, corded seams; seven gores with four corded tucks, semi-circled between seams.

At \$3.95—Natty Skirt of melton cloth, corded strap seams, flounce headed with four corded tucks.

At \$4.25—Misses' Skirt of cheviot with seams side strapped with black broadcloth; two buttons on each strap.

Other Misses' Skirts from **\$2.25 up**.

The Lace House

WILL FURTHER MISSIONARY WORK.

A new and important organization has just been perfected, which will mean much for the cause of Missions, both Home and Foreign. The organization has grown out of the very successful methods employed by the Missionary Substitute Company, which has been in operation for some few years in some of the churches of Oakland.

This organization just formed, contemplates the federation of all Missionary Substitute Companies into a body, which shall have the dissemination of literature regarding formation and conducting of Missionary Substitute Companies and the general welfare of the same. The federation is composed of two delegates from each Substitute Company. The delegates present at the meeting, which was held in the First Presbyterian Church, Oakland, elected officers, who with two delegates at large formed an Executive Committee, who will have the conducting of affairs in charge between meetings. The officers elected were: Rev. Dwight E. Potter, president; Rev. Franklin Rhoda, vice president; Mr. Robinson, secretary; Earl S. Bingham, treasurer. The two delegates at large are Mr. Andrew Muir and Mr. B. F. Edwards.

The Missionary Substitute Company is an organization distinctive of the West. An organization of similar pur-

pose is being operated in the Middle West and a "Forward Movement" of similar purpose in the East. The Missionary Substitute Company, defines the purpose of the organization, which is to form a stock company of all persons believing in Missionary work and who will take stock at 5 cents a share a month to supply workers, going as their substitute, into the mission fields.

The purpose of the small cost of shares is to enable all those interested, in missions to be share-holders. There is no limit to the number of shares taken. Any amount of money can be contributed. Shareholders meet together to determine where the money shall be expended and how it is to be used.

The companies are formed in individual churches and there are now four such companies in and near Oakland. It is expected through this federation to largely increase the number of companies and the contributions to Missionary causes.

As an example of what the company can do when properly organized and worked, the Union street Presbyterian Church, Oakland, with a church membership of three hundred, has about four hundred contributors to the Substitute Company and two hundred of these are outside the membership of the church. The contribution of Union street last year to Missionary work was over \$1400.

FOUR ROBBERS ARRESTED.

WOONSOCKET, S. D., Oct. 16.—Four strangers arrived here last evening and one of them offered the city marshal \$250 if he would keep quiet, saying they intended

EARTH YIELDS OF ELIJAH'S SOUL IS MARCHING ON.

REPORTS FROM VARIOUS STATES SHOW PLENTIFUL CROPS ARE HARVESTED.

NEW YORK, October 16.—Special telegraphic advices to the International Mercantile Agency from correspondents throughout the United States and Canada are summarized as follows:

Anxiety as to money and the crops has almost disappeared and merchants West and South look for a leveret demand from the country districts now that good crop wheat yields assure success. Market collections are better than expected in territory tributary to Chicago, New Orleans and St. Louis, except from parts of Texas, but the most significant increase is in the West. In mercantile areas at Boston, Philadelphia, Chicago and Pittsburgh, S. Louis bunters anticipate like conditions there soon. Some grain marketing centers have made funds relatively clear at St. Louis, but banks are meeting business needs. Credit for canvas West, Northwest and South shows that speculative indulgence in the crop situation, slight decline in imports and present prospective gains in exports. While jobbing grain goods trade is slow, New York grain market followed by some investment inquiry at Philadelphia. While checks in industrial lines are regarded as likely to react upon generally favorable commercial situation, grain markets are being popularly imported from Zion City.

Meantime there will be a great running battle at Madison Square Garden where the 4000 newcomers will be registered and told off and apportioned among a great army of boarding house keepers who will afford them shelter during their tarry in the city.

Deacon Cotton, chief of the commissary department, has marshaled his many cooks, cut thousands of beef-steaks, peeled barrels of pickles and prepared almost 1000 loaves of bread for the first breakfast, which will take place immediately after the arrival of the crusaders at the garden. Two thousand men and women will sit down at the first table and after they have finished 2000 more will appear their appetites.

The baggage train of the host in two sections has arrived. It brought thousands of trunks and bags.

A great semi-circular platform has been built at the Eastern end of the garden from which Dowie and his assistants will deliver their messages to the unregenerate. The Baptists' font dug in front of the platform, is ready to turn on the water, and in the central space in the garden have been placed 3000 chairs, making the seating capacity of the garden 14,000.

The warfare will be opened in good earnest: Sunday, Oct. 20, or earlier, if possible, when the crusaders will be sent out over the city to distribute literature setting forth the virtues of Dowiesm and picked agents will visit the Bowery. Chinatown also will be an objective point for trusted bands of the "prophet."

MAJOR SHERMAN SUES FOR DAMAGES.

WILL SELL HOMES AT AUCTION.

Suit has been instituted against the Southern Pacific Company by Edwin A. Sherman to recover \$25,500 damages for injuries which he alleges were sustained through the negligence of the company's employees at Redwood City over two years ago.

In his complaint Sherman alleges that he was in the act of boarding one of the company's cars on the afternoon of May 24, 1902, when, without warning, the train started and he was thrown violently to the ground. Besides suffering a severe nervous injury, he says he was seriously injured internally.

SOCIAL RELIEF.

The Salvation Army Industrial Home has started a social relief department in Oakland, the plan of which is to maintain dining, wash and laundry service at \$10 a week for it. An average income of \$500,000 gain in loans and discounts by national banks between September 1, 1902, and September 8, 1903, is explained from the office of the Controller of the Comptroller of the Currency. The fact that between those dates there was chartered \$522 national banks, with capital surplus, undivided profits, circulation, government deposits and discounts of \$230,000,000.

The warfare will be opened in good earnest: Sunday, Oct. 20, or earlier, if possible, when the crusaders will be sent out over the city to distribute literature setting forth the virtues of Dowiesm and picked agents will visit the Bowery. Chinatown also will be an objective point for trusted bands of the "prophet."

I took only six bottles, but it has made me feel like a new person. I thank God that there is such a female helper as you.

Be it, therefore, believed by all women who are ill that Lydia E. Pinkham's Vegetable Compound is the medicine they should take. It has stood the test of time, and it has hundreds of thousands of cures to its credit. Women should consider it a wise to use any other medicine.

Mrs. Pinkham, whose address is Lynn, Mass., will answer cheerfully and without cost all letters addressed to her by sick women. Perhaps she has just the knowledge that will help your case—her to-day—it costs nothing.

5000 FORGE IT! If we cannot forthwith produce the original letters and signatures of above testimonial, which will prove their absolute genuineness, we will do so.

Advance Patterns in Gentlemen's Shirts

Because this season's styles were depicted when we went into the market to secure a line of gentlemen's shirts for our new store, we had to get next season's patterns. We are now showing these goods four months in advance of any other local dealer. The first customers have the best opportunities to make their selection of the patterns.

will be used to heat the central portion of the building, and another group of three furnaces which are to heat the west wing.

Accordion-plated skirts will continue.

At a later time the Board expects to be in favor.

Mrs. Tupman, a prominent lady of Richmond, Va., a great sufferer with woman's troubles, tells of her cure by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—For some years I suffered with backache, sever bearing-down pains, leucorrhoea, and falling of the womb. I tried many remedies, but nothing gave any positive relief.

"I commenced taking Lydia E. Pinkham's Vegetable Compound in June, 1901. When I had taken the first half bottle, I felt a vast improvement, and have now taken ten bottles with the result that I feel like a new woman. When I commenced taking the Vegetable Compound I felt all worn out and was fast approaching complete nervous collapse. I weighed only 98 pounds. Now I weigh 104 pounds and am improving every day. I gladly testify to the benefits received."—Mrs. R. C. TUPMAN, 423 West 30th St., Richmond, Va.

When a medicine has been successful in more than a million cases, is it justice to yourself to say, without trying it, "I do not believe it would help me?"

Surely you cannot wish to remain weak and sick and discouraged, exhausted with each day's work. You have some derangement of the feminine organism, and Lydia E. Pinkham's Vegetable Compound will help you just as surely as it has others.

Mrs. W. H. Pelham, Jr., 108 E. Baker St., Richmond, Va., says:

"DEAR MRS. PINKHAM:—I must say that I do not believe there is any female medicine to compare with Lydia E. Pinkham's Vegetable Compound, and I return to you my heartfelt thanks for what your medicine has done for me. Before taking the Vegetable Compound I was so badly off that I thought I could not live much longer. The little work I had to do was a burden to me. I suffered with irregular menstruation and leucorrhoea, which caused an irritation of the parts. I looked like one who had consumption, but I do not look like that now, and I owe it all to your wonderful medicine.

"I took only six bottles, but it has made me feel like a new person. I thank God that there is such a female helper as you."

Be it, therefore, believed by all women who are ill that Lydia E. Pinkham's Vegetable Compound is the medicine they should take. It has stood the test of time, and it has hundreds of thousands of cures to its credit. Women should consider it a wise to use any other medicine.

Mrs. Pinkham, whose address is Lynn, Mass., will answer cheerfully and without cost all letters addressed to her by sick women. Perhaps she has just the knowledge that will help your case—her to-day—it costs nothing.

NORTH END CLUB DECIDES IN FAVOR OF BONDS

First Public Expression is Given On
Proposal to Improve the
Town of Berkeley.

BERKELEY, October 16.—The North Berkeley Improvement Club not only put itself on record last night as being in favor of the proposed issuance of \$250,000 in bonds for the improvement of the city, but also passed a resolution that \$10,000 of the sum be devoted to the establishment of manual training in the schools.

The following was the resolution, as introduced by A. L. Ott:

"Whereas, The legitimate demands upon the revenues of Berkeley are in excess of the income; and

"Whereas, There is but one other effective way of providing revenue: be it

"Resolved, That the North Berkeley Improvement Club approves the issuing of bonds that shall adequately and impartially meet the imperative needs of every section of Berkeley and shall include \$10,000 or an amount that shall be decided necessary to establish and maintain in the various schools of Berkeley manual training, cooking and sewing.

W. W. Henry, the chairman of the telephone committee, reported that there had been an improvement in the service since the settlement of the strike.

President Victor Robertson reported that a general committee for the establishment of manual training had been organized and that it was the intention to place the first experimental classes in the McKinley school.

Dr. J. T. Farrar complained of the electric car service to North Berkeley as being poor, and Secretary Harry J. Squires stated that although he had called the attention of the company to the fact, he had received no response to his letter. Leo Hampton was appointed to confer with the officials of the electric company with a view to securing a more efficient service for the North End.

C. D. Maloney, the local superintendent of the Contra Costa Water Company, appeared before the club and in a manner that was pleasing to the club members, told of the general improvement that is being made in the Berkeley water supply.

Dr. J. T. Farrar complimented the Contra Costa Water Company on its fine new reservoir at the corner of Webster and Claremont avenue.

A long communication in regard to the street cleaning agitation was received from Henry Stirling. The idea of having the streets of the city kept in a cleanly condition was received with favor by the club.

An adjournment was then taken for two weeks.

THREE PASTORS LODGEMEN UNVEIL ARE ACCUSED. STATUE.

THEY WILL BE INVESTIGATED BY CONFERENCE ON FORMAL CHARGES.

MEMORY OF THE LATE JOSEPH CHAPPIE IS HONORED BY ODD FELLOWS.

BERKELEY, October 16.—The memory of the late Joseph Chappie, for fifty consecutive terms treasurer of the Berkeley Lodge, No. 270, I. O. O. F., was honored last night by the unveiling of his bronze bust in the lodge room. The simple but impressive service consisted of addresses by Odd Fellows informally selected.

PROVES TO BE A SUCCESS.

BERKELEY, October 16.—The short course in dairying is now well under way with twenty-four students enrolled. In addition to these eight college students are taking practical work in the manufacture of dairy products; so that the total number of students doing work in the dairy department is greater than last year.

ALTAR INSTEAD OF JAIL.

CENTERVILLE COUPLE GO FROM COURT TO WEDDING BREAKFAST.

BERKELEY, October 16.—There was a marriage instead of a prosecution today in Justice of the Peace S. Sandholdt's court-room at this place when the case of the People vs. M. Lopes was called. Lopes was charged by a pretty 20-year-old Portuguese girl with having wronged her under a promise of marriage. She alleged that he had refused all efforts to marry her and caused his arrest.

The trial of the case was set for this morning, but when the time had come Justice Sandholdt, with the court officials, was invited over to a nearby residence, where the Justice of the Peace was requested to join the complaining witness and the accused in bonds of wedlock. Every one was then invited to partake of a wedding breakfast and the gathered gossips were dispensed from the horizon of the young couple.

COULD NOT BREAK WILL.

NEW YORK, October 16.—By the verdict of a jury in the Supreme Court, before Judge McLean, it has been established that Miss Mary Beach Tousley, who died in March, 1899, almost 70 years of age, was competent to make her will. She left property worth \$25,000 to charitable societies. Her cousin, Mrs. Anna B. Rohrer of Council Bluffs, Iowa, brought contest on the ground that the testatrix was a victim of religious mania and was mentally incompetent to dispose of her property.

ARRESTED FOR WIFE-BEATING.

Jerry Jefferies, a colored resident of West Oakland, was arrested by Constable Hempestd this afternoon and taken to the County Jail for beating his wife. According to the statement of Memphis Jeffries, he struck his wife with sufficient force to knock both her eyes, and upon her request interfered and took Jeffries off to jail.

BILIOUSNESS.

Constipation, Inactive Liver and Weak Kidneys are the result of a weak stomach. Then the only way to prevent these ailments is to strengthen the stomach by taking Hostetter's Stomach Bitters. Prominent physicians always prescribe it in cases of stomach troubles. You can therefore rely on it. It positively cures Bloating, Heartburn, Indigestion, Dyspepsia and Malaria, Fever and Ague. Try it.

ALUMNI TO DINE BEFORE GAME.

BERKELEY, October 16.—The class of 1900 is making elaborate plans for its annual reunion and football dinner. The men of the class will dine together at 7 o'clock on Friday evening, October 16, the night before the California-Southern game, at the Masonic Riche, 94 Grant Avenue, San Francisco. The arrangements are in charge of Fred G. Ahearn, president of the class, and Frank W. Aitken of 503 California Street, San Francisco, the permanent secretary. All graduates or former members of this class have been asked to notify Mr. Ahearn if they will be present.

The class of 1900 will dine at the Masonic Riche on the same evening, November 13. The arrangements are in charge of Alexander Adler, 1285 California Street, San Francisco.

THE best cover design for the Freshman dance programs. The following will act as the patrons at the glee. Mrs. J. B. Titus, Mrs. Phoebe A. Hearst, Mrs. Benjamin Ide Wheeler, Mrs. Charles Mills Gayley, Mrs. C. W. Wells, Mrs. Walker E. Magee and Mrs. Frank Soule.

BERKELEY, October 16.—Before an audience numbering fully 6000 the most unique rally ever held on the University of California campus took place last night in the Greek Theatre. The entertainment was the annual "jollie-up" in honor of the Freshman football team, the affair being marked by the usual bonfire, music, speeches and slogans.

The statue which was splendidly executed, was made by Felix Peano, the sculptor of the California School of mechanical arts from a death mask made by the famous James Gordon.

It was cast by the students of the Wick School and cost \$400 which was raised through a private subscription among the Odd Fellows.

The committee having charge of the arrangements consisted of Jonathan G. Wright, A. H. Broad and A. L. Scheuer.

The officers of Berkeley Lodge are the following named: Past grand, James Gordon, noble grand, Redmond C. Staats; vice grand, M. A. Cameron; warren, J. E. Straightfitt; secretary, John Striker; treasurer, Byron Underwood.

AN APPROPRIATE FINALE TO THE EVENING ENTERTAINMENT WAS A GREAT SPONTANEOUS PERFORMANCE BY THE STUDENTS, FROM THE CAMPUS THROUGH THE TOWN OF BERKELEY.

More than once the collegians regretted the fact that they had paid for and not further alluded that they had been able to conduct the rally without holding up the local train, as was done last year.

THE best cover design for the Freshman dance programs. The following will act as the patrons at the glee. Mrs. J. B. Titus, Mrs. Phoebe A. Hearst, Mrs. Benjamin Ide Wheeler, Mrs. Charles Mills Gayley, Mrs. C. W. Wells, Mrs. Walker E. Magee and Mrs. Frank Soule.

BERKELEY, October 16.—Several boxing exhibitions will be features of the smoker to be held tonight by the men of the Senior and Junior classes of the University of California at Shattuck Hall. One of the questions to be informally discussed tonight will be Senior leadership in college affairs.

FRESHIES CHOOSE THEIR SIDE OF THE QUESTION.

BERKELEY, October 16.—The Freshman Committee on debating has chosen the negative side of the interclass forensic contest. The question submitted to them by the Sophomores was, "Resolved, That a democratic government is adapted to the French people."

Twenty-two first-year men have entered for the preliminary try-out which will be held on October 27th. The team will be chosen at trials to be held three days later.

SPECIAL STUDENTS HAVE ORGANIZED.

BERKELEY, October 16.—An organization was effected yesterday at the students who are taking the special course in agriculture, the following being elected: President, D. Hurlbut; treasurer, A. Elliott, secretary, C. Barber.

The club will meet every Wednesday.

IS AWARDED PRIZE FOR THE BEST DESIGN.

BERKELEY, October 16.—To A. B. Titus has been awarded the prize for the best design.

BERKELEY, October 16.—The Freshman Committee on debating has chosen the negative side of the interclass forensic contest. The question submitted to them by the Sophomores was, "Resolved, That a democratic government is adapted to the French people."

ROUTINE WORK OF COUNCIL.

MATTERS OF INTEREST TO PROPERTY OWNERS ARE DISCUSSED.

The following routine work was considered by the various committees of the City Council last night.

STREET COMMITTEE.

The members of the Adeline Improvement Club appeared to urge that the City should put four crossings out in the Adeline district before the rains set in and the streets became impassable.

Councilman Meese wanted to know if the grading and macadamizing had been done and upon being told that they had not he remarked that the city would not make such repairs because they would at best be temporary and this he considered a useless waste of money.

Mr. Boyer replied that grades had not been established out there that a large amount of the property was vacant and owned by non-residents. The committee decided to recommend the crossings at Fifty-eighth, Fifty-ninth, and Sixtieth on Grove and Adeline streets.

The petition of John Dias Rimer for a sewer in Kennedy street was laid over upon advice of the City Engineer that it was inadvisable to construct the sewer at this time because the ground on Shasta street is so low that the grade of a sewer laid as called for would be above ground if given sufficient space.

Recommending an eight inch vitrified iron-stone pipe sewer on Eleventh avenue from existing sewer in Piedmont avenue to about 200 feet east, petitioned for by Daniel Dwyer.

Resolution of intention for sidewalking Webster street from Twelfth to Thirteenth streets was laid over the property affected having changed hands and the new owners not having had proper notice.

Recommending that the City Engineer prepare plans and specifications for sewerage portions of East Twenty-fifth and East Twenty-fourth streets.

Recommending a catch basin at the northwest corner of First and Webster streets.

The protest of H. B. Belden against sewerage Fourteenth street between Chestnut and Linden streets.

Resolution instructing City Engineer to prepare plans and specifications for grading on Fourteenth avenue and certain other streets in East Oakland was laid over.

Resolution recommended authorizing the Superintendent of Streets to grade, curb and macadamize that portion of Fourteenth avenue, lying north of the northern line of East Twenty-ninth street and easterly of the curb line of Fourteenth avenue.

SEWAGE DISCUSSED.

A protest of citizens was presented to the Street Committee signed by a large number of citizens against the laying of a proposed storm sewer into Cemetery creek. The committee was addressed by F. J. Kehoe who stated that a chassis 35x4 feet had been dug in the street and left there. This is not the first time the law has been violated out there. The whole matter is a scheme of Heron Holcomb & Co. to use this creek as a cess pool. Our health and that of our children is endangered by the use of this creek for any such purpose."

Wm. O'Connor stated that he had been a resident of that section for the past fifteen years. "The allowing of this petition," he said, "means an open sewer by our homes. The smell rises to the heavens. It is only a makeshift at best and proposes to do in a dangerous way what should not be allowed under any circumstances."

Notice being given that an additional protest signed by some 200 citizens was to be submitted at a later date on motion of Councilman Wallace the matter was laid over for the week.

Dr. N. K. Foster, Secretary of the State Board of Health, who was interested in anything that affected Oakland, although he was now living in Sacramento and that he had come before the committee to call attention to continued violations by the city of the State law in regard to sewage; that on at least two sides of the city sewage was carried out on flats and the health of the people endangered as well as the olfactorys offended. The people go out on the flats to dig clams which fall on the refuse conveyed where they habit and that these shell fish, under these circumstances, are breeders of typhoid and other malignant diseases and that for this condition.

Bright's Disease and Diabetes News.

San Francisco, Oct. 12, 1903.

Cures are reported from many directions. We reported three last weeks from New Jersey alone. There are two new recoveries from one remote point in Canada.

Mrs. Miller, wife of F. H. Miller, superintendent and manager of large lumber yard at Rainy River, Ont., first wrote us August 10 and to follow.

"My husband, accompanied by his son, went to Rainy River Compound June 6. His case was diagnosed as Bright's Disease by specialists. He learned of the Compound through a gentleman an living near here who was cured by it, and sent to the States for it. There is some improvement, but he does not regain his strength. Is it this cold climate that is retarding recovery?"

The following letter, dated two months later, will now be understood.

Rainy River, Ont., Sept. 24, 1903.

The Jno. J. Fulton Co.—

Gentlemen: The last month the improvement has been very marked. We certainly give the Compound credit for our son's case pronounced so by the physicians, and are only too happy to recommend it when occasion offers. Mr. Miller has now taken two dozen, and is apparently as well as ever. Please express my half dozen more via Pequotett, Millet, Mrs. F. H. MILLER.

Above is one of the many interesting cases in which one friend "old and other" has both recovered.

Bright's Disease and Diabetes are now curable by the Fulton Compounds in about \$7 per cent of all cases. Send for literature. Jno. J. Fulton Co., 409 Washington St., San Francisco, sole compounders.

OWL DRUG CO.,

tion of affairs the Council is in a measure directly responsible. He thought the proper thing would be to convey the sewage out into the country and establish a septic tank at the point, and hoped the Council would soon take up the matter and act, and deemed the sewage contamination much worse than the injury arising from the garbage dumps.

The matter of erecting granite monuments and sign posts on the boundary line between Emeryville and Oakland was laid over.

Recommending that the City Engineer prepares grade for Vernon street.

Recommending severing of Fourteenth street from Linden street to Chestnut streets. Recommended.

Recommending that twenty days notice be given to property owners to sidewalk the east side of Vernon street between Perkins and Peery streets. Recommended.

Recommending that twenty days notice be given to property owners on East side of Fifteenth avenue to sidewalk in front of their property between East Fourteenth and East Fifteenth streets.

Recommending the re-macadamizing of Twelfth street between Oak and Fallon streets. Filed.

Recommending twenty days notice be given to property owners to build cement sidewalks on East Twentieth street between Eighth and Ninth avenues. Laid over.

Recommending the granting of the petition of the Piedmont Paving Company to improve Pearl street between Oakland avenue and Orange street.

Recommending an ordinance providing for the lighting of hackney carriages during the time they are in use.

LICENSES GRANTED.

Recommending granting of liquor licenses to Manuel Fratus and M. Pouta, 150 Fifth street; Carpenter and Gibson, 1307 Seventh street; J. P. Molan, 1120 Thirteenth avenue; J. P. Chappel, 1140 Stanford avenue; Sammons and Guido, 808 East Fourteenth street; M. H. Reinbold, 542 Webster street; George E. Gehringer and Harry Johnson, 481 Ninth street; B. Solaris, 1040 Telegraph avenue; Elias Olson, 530 Third street; Edward Thayer, 907 Broadway; F. Strzemburg, 330 Tenth street; H. Windmiller, 350 Twelfth street; B. Immons and E. Schwab, 475 Seventeenth street; Charles Pint and A. Berry, 584 San Pablo avenue; Herman Harist, 1930 Broadway; George Jurd, 4501 Shattuck avenue; Zimmerman and Bernard, 28 Telegraph avenue; Frank Joseph, 201 Peralta, J. G. Herl and William T. Huell, 28 San Pablo avenue.

PROTESTS AGAINST SALOONS.

W. H. Wellby introduced a numerously signed petition against the granting of a license to Howard K. Smith at 36 Telegraph avenue. It being represented that the petitioner when confronted with the counter petition had consented to the withdrawal of his petition the committee decided to refer the matter to the Council without any recommendation.

Protest filed against granting of a license to J. S. Tanner for establishing a saloon at 350 Telegraph avenue.

Mr. Manning appeared for Mr. Myers and said that the protesters are here and ought to be heard. Mr. Myers has seven flats adjoining the place where the saloon is proposed to be located. There are many new residences going up in that section and the people of the neighborhood do not care to have any saloons. There are plenty in the neighborhood now. The people really do not want business houses because the new houses are of the better class of residences.

Mr. Marcus said that in absence of the petitioner he wanted to appear generally to protect the interests of the saloon men and thought those who had just gone there should protest against the use of an old building that went up before they came.

Rev. Vossburg of the First Baptist Church appeared as protestor for the church and in behalf of those of his church who had signed a formal protest. That section of Telegraph avenue is purely a residence district, and that the new edifice being constructed there for religious services at a cost of \$75,000 or \$80,000 and that the organized body ought to be privileged to do its work unhampered and that a saloon within two blocks would certainly be a hindrance both to church work and to the work of the Sunday School.

Mr. Marcus said that in absence of the saloon men and thought those who had just gone there should protest against the use of an old building that went up before they came.

That section of Telegraph avenue is purely a residence district, and that the new edifice being constructed there for religious services at a cost of \$75,000 or \$80,000 and that the organized body ought to be privileged to do its work unhampered and that a saloon within two blocks would certainly be a hindrance both to church work and to the work of the Sunday School.

Mr. Marcus said that in absence of the saloon men and thought those who had just gone there should protest against the use of an old building that went up before they came.

Rev. Vossburg of the First Baptist Church appeared as protestor for the church and in behalf of those of his church who had signed a formal protest. That section of Telegraph avenue is purely a residence district, and that the new edifice being constructed there for religious services at a cost of \$75,000 or \$80,000 and that the organized body ought to be privileged to do its work unhampered and that a saloon within two blocks would certainly be a hindrance both to church work and to the work of the Sunday School.

Mr. Marcus said that in absence of the saloon men and thought those who had just gone there should protest against the use of an old building that went up before they came.

Mr. Elliott suggested to Mr. Vossburg that he hoped the habit of protest would become chronic and later on apply to the improvement of Telegraph avenue and was assured that the First Baptist Church would do their share when the time came.

Councilman Fitzgerald stated that he had been assured that if the protest stood, the application would be withdrawn and the matter was postponed.

ORDINANCE AND JUDICIARY.

Recommending ordinance requiring lights on hackney carriages.

Recommending the ordinance leasing Franklin street wharf to James P. Taylor.

Recommending the leasing of two warehouses on the main wharf in the City to the Diamond Freight and Express Line.

Recommending passage of the ordinance accepting the abandonment and surrender to the city of Oakland by the Oakland Transit Consolidated of its right and privilege to construct and operate a street railroad upon portions of Talbot avenue.

STREET RAILROADS.

Notice of C. S. McMullen that the Transit Company was violating the ordinance of the city by laying T rails, instead of flat ones as they should do.

Mr. Pendleton thought that while Mr. McMullen was little interpretative in his statements, there was considerable force in them, and that the corporation should not be allowed to lay T rails in future, at least. They are dangerous if the streets are not kept in proper condition. The communication was placed on file.

PUBLIC IMPROVEMENTS.

The Board of Education advised the City Council that it had decided objections to granting the use of its assembly room to a justice's court.

Councilman Allen said Judge Samuels had told him he would be satisfied with the old Board of Health room and the Board of Works was requested to ascertain cost of fixing them up.

STREET LIGHTING.

Recommending the erection of an electric light at East Fourteenth street and Twenty-second avenue.

The matter of erecting an electric light at the corner of Twelfth and Union street was laid over.

REVENGE.

Relative to the claim of Rev. James Curry for damages received by him while riding a bicycle upon a crosswalk in East Oakland City Attorney McElroy advised the committee as follows:

"With reference to the above will say

that the Supreme Court of California in the case of Doe vs. Cook, 126 Cal. 116, said that it is well settled in this State that generally an action will not lie against a municipal corporation for the misfeasance, malfeasance, or nonfeasance of its officers; again the said Supreme Court in the case of Choate vs. City of Eureka, 78 Cal. 590, said without noticing any of the other points made by appellant, it is sufficient to say that it has long been the settled law of this State that a municipal corporation is not liable for personal injuries to individuals such as that claimed to have been sustained by plaintiff where there is no statutory provision declaring such liability. In California the doctrine above stated has been clearly and continuously adopted, and if any change in the law is desirable that change must be made by the legislature. And so far, at least, the legislature has shown no disposition to make the change."

"In my opinion the charter of the City of Oakland does not declare any liability upon the city in matters of the nature under submission, and the City Council has shown no disposition to make the change."

"In my opinion the charter of the City of Oakland does not declare any liability upon the city in matters of the nature under submission, and the City Council has shown no disposition to make the change."

RAILROAD NEWS NOTES.

PAY CHECKS WILL SOON ARRIVE
AT WEST OAK-
LAND.

The men are looking anxiously forward to pay day, and some hope was advanced that it might possibly occur today. It is believed, however, that checks will not be issued until the 22d. As may be surmised, pay day is a decided event in the railroad world.

LARGE GANG OF JAPS IS
CAMPED NEAR THE YARDS.

A large number of Japs, fresh from some division work in the north, have taken up a temporary abiding place on a spur track just outside the yards proper. All day long the little brown men sit on top of the cars, eating their home-made lunches, waiting for the time when the trains will be ready to go on another track-building or road-bedding job. On the other hand, they have aroused no little interest among the employed, and passers-by, who wonder they prove a never-failing source of jest and comment.

THOROUGHFARE'S BOILERS
ARE BEING OVERHAULED.

A large force of boiler makers has been transferred from the shops and are now engaged in giving the Thoroughfare's boilers a thorough cleaning and overhauling. Work will be done before the shaft can be repaired and returned from Sacramento, and by that time the vessel, with the aid of carpenters and machinists, will be much improved over her present condition.

WILLIAM MOORE LEADS
BRIDE TO THE ALTAR.

William W. Moore, the well-known ship fastener, was married yesterday at Mrs. Clara E. Mills of Fort Bragg. The wedding was attended by being witnessed only by relatives and friends of the young couple. Mr. and Mrs. Moore will be absent on their honeymoon about a month, and on their return will reside in this city.

NOTES AND PERSONALS
GATHERED ABOUT THE YARDS.

Charles Holloway, of Boole's ship yards, visited several friends at the mill yesterday.

Fred Rice will leave soon on a quail hunting trip and expects to be gone three or four days.

George Frank, air-inspector, who sprained his ankle last Saturday morning, has resumed his duties at the round house.

H. Griffin, Jr., has returned to work after an absence of five weeks in the East.

Alvin Dignan is on the sick list. Dignan's illness is the result of a hard strain he sustained while operating his boring machine.

Wirt Beem will make a trip to Orlando soon to visit recently arrived relatives from Chicago.

Frank Kuhn removed the blinder from his left eye yesterday.

Billy Smith, brass in the machine shop, will spend four days hunting ducks near Alviso.

When engine 1828 steams out of the shop she will be practically a new locomotive, as she has received a new fire box, new frames, new driving axle, new driving boxes, a suit of asbestos and a set of tires.

Work is going rapidly ahead on the new station frame for the new turn table at Big round like No. one.

Joseph Nates, round house machinist, has been appointed night foreman at the Southern Pacific Duarham division shops; the promotion takes effect immediately.

Edgar Clegg, conductor, the round house, yesterday for repairs, having injured her steam chest in a collision with a work train Wednesday night.

Gordon McKenzie is now at parole the Arizona en route to Philadelphia.

Brooklyn Beer is now in service works, has been made full just now, putting out a large number of burnished kegs.

The semaphores and mile-posts of the local division present a clean, refreshing appearance in their new colors, having recently been painted.

**WILL RENOVATE
FIRE DEPARTMENT.**

On recommendation of Chief N. A. Ball, the Financial Committee of the City Council last night recommended the expenditure of a sum of money approximating \$7000 for the overhauling of fire engines and repair of fire apparatus and buildings as follows: \$125 to paint the house of Engine Co. No. 1; \$150 to paper and paint the house of Engine Co. No. 2; \$157 to paper and paint the house of Engine Co. No. 3; \$150 to paint the house of Engine Co. No. 5; \$145 to paper and paint the house of Chemical Engine Co. No. 2; \$450 for a hose wagon for use of Fire Department to replace an old hose cart; \$40 for a turret nozzle; \$1000 for the purchase of 2½ inch cotton fire hose; \$1500 for purchase of horses for use of Fire Department; \$8000 to have new boilers and the engines overhauled and rebuilt.

**FAMOUS STABLE IS
TO BE SOLD.**

NEW YORK, October 16.—The sale is announced for next week of the famous stable of the late James L. Kennoch, well known as a gentleman jockey and polo expert, who died recently from cerebral hemorrhage, but of injuries received while playing polo, and whose circumstances attending his death are said to have caused his widow to decide upon disposing of the stable.

PECULIAR DAMAGE SUIT.
JEFFERSON CITY, Mo., October 16.—A suit for \$4000 damages against the Missouri, Kansas and Texas Railway has been filed in the Circuit Court by Louis Green and his wife, Arminda, because of damage in transporting them from Dallas to Bonnville, a distance of five miles, last January.

The petition alleges that the plaintiff had engaged to have their buggy sent in a box-car from Dallas to Bonnville, and to have transportation and wages to occupy the buggy during the journey. They allege that the train was thirteen hours in reaching the destination, and that they were almost frozen and that the car was locked and they were unable to get out in route to get to a telegraph office.

MISSOURI WOMAN NATURALIZED.
ST. LOUIS, October 16.—A contemplated sojourn of one year with relatives in Germany was suddenly brought to an end by Mrs. Alberta Glyckherz because the question of citizenship arose, and she hurried back to St. Louis to be naturalized.

Mrs. Glyckherz was born in Germany, but has lived in St. Louis for approximately twenty years. Recently while visiting relatives in Germany she expressed her senti-

ment that the United States was her country. This was disputed, which resulted in a trial, and she was coming naturalized in the Circuit Court. She is the second woman to be naturalized in Missouri in many years.

JEROME'S VIEWS ON ELECTION.
NEW YORK, October 16.—District Attorney Jerome has issued a statement saying:

"In a crisis like this no man has a right to put out of his power the right to help the cause that may seem to him right or to injure one which he thinks should be destroyed."

"Political prophecy is a dangerous job, but under no circumstances before election, the feeling will be so strong and bitter, not about the persons, but about the things involved in this election, that every decent man will want to vote either to help a cause that he deems just or to record his protest against a cause that has aroused his animosity."

Robert the Grave.

A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Music. To my great joy, the first half hour decided improvement. I continued their use for three weeks, and now am a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents. Guaranteed.

At Oregon Druggists, Seventh street and Broadway.

"Not safe to be a day without Dr. Thomas' Electric Oil in the house. Never can tell what moment an accident is going to happen."

"Thousands of Articles" from a nickel upwards. We are making a "Clean Up" sale. H. Schellbach, 11th st. corner store.
